**ADDENDUM NO. 1
BID OPENING: October 4, 2016**

TO: ALL BIDDERS
FROM: JOHN CASSIDY, BUYER
DATE: September 28, 2016
RE: RFQ 42017Q0158, Vehicle Diagnostic Equipment

This addendum is issued to answer questions for this bid and changing the item descriptions to one (1) revised description.

Q: Our first question is concerning Line 1 "TIS 2 Web diagnostic for GMC vehicles", We are assuming that you already own laptops, and GM MDi2 Interface devices to utilize with this software, is that true? Also we assume that you are aware that subscription only covers up to model year 2013, is that also true?

A: Please see revised description.

Q: Second, Line 2: Ford VCM II, we assume you already have laptops and software subscriptions, and that you are solely asking for a Ford VCM II interface device kit, is that true?

A: Please see revised description.

Although the bid called for 2 items, the City is now requesting the following change to only 1 item to bid for a quantity of 1 each.

Adding New Description:

Autrel MaxiSys Pro according to the attached specifications. Please state all deviations on the attached deviation sheets.

All bidders must attach this form to the original Bid/Quote Form. This completed, signed form will serve as acknowledgement that this information has been received.
